

BASKET BALL SEASON WILL OPEN HERE TODAY WITH TWO FAST GAMES

The first team of the high school will play the first game of the season today when they meet the fast team from Dalhart. This promises to be one of the best games of the season. The local boys are in fine shape and will put up a fast game, it is expected.

Ward at center is one of the best centers in this section it is claimed and Bishe and McMillen will look after the goals and they are both class players. Lynch, Sills, Garner, Jones, Federer and Brady will look after the guarding proposition and see that Dalhart makes but few runs.

The girls' team is to meet the girls from Pampa, and are in shape to make a good showing for themselves. They have been working hard and feel confident of winning the game. The first game will start at 3:30 p. m., admission is 25 and 35 cents for the two games.

FIRST BAPTIST CHURCH ELECTS SUNDAY SCHOOL OFFICERS FOR NEW YEAR

At the business meeting of the First Baptist church Wednesday night the following Sunday school officers were elected for the year 1920:

A. E. Meyer, superintendent.
H. C. Pipkin and T. M. Bruner, assistant superintendents.
J. W. Clayton, classification officer.
B. O. Tolleson, secretary-treasurer.
Harold Knapp, assistant secretary-treasurer.
S. P. Vineyard, superintendent adult department.
Sam Montgomery, superintendent senior department.
J. S. Larimer, superintendent intermediate department.
Miss Minnie Hutchings, organist.
Mrs. B. O. Tolleson, superintendent junior department.
Mrs. Howard Triga, superintendent primary department.
Mrs. J. L. McLaughlin, superintendent beginner's department.
Mrs. J. H. Harris, superintendent home department.
"With this corps of officers and with those who have served and will continue in their respective places the First Baptist church Sunday school expects to accomplish great results during this year," Leon Gambrell, assistant pastor, said last night.

WINTER BRINGS NASTY COLDS

The Hardships Brought on by Winter Months Can be Avoided—Keep the Liver Active.

Experience has demonstrated that no medicine for colds or flu can be depended upon until the liver is thoroughly active. The system is in no condition to ward off the attack brought on by the winter months if the liver, stomach or kidneys are disordered. To be fully protected against this danger the blood must be pure, the liver and kidneys active and the stomach and eliminative organs working properly.

Granger Liver Regulator is designed to meet these disorders and to prepare the system to ward off this attack. Go to your druggist and buy a twenty-five cent package of Granger Liver Regulator and brew it into a tea as directed on each box and soon your system is purified, your liver is active and the stomach and eliminative organs are performing their duties properly. If you prefer it in dry form it is equally effective. Granger Liver Regulator is sold by leading druggists everywhere or by mail direct from manufacturers or receipt of 25c. Granger Med. Co., Chattanooga, Tenn.—adv.

STUDENTS AND TEACHERS SUBSCRIBE ONE THOUSAND DOLLARS TO GYM FUND

This week the students have had a drive on for funds for the high school gym. About a thousand dollars have been subscribed by the students and teachers.

"I am sure if the people of Amarillo could have seen the interest that the students manifested and the spirit with which they subscribed from their own funds, I am sure that there would be no trouble in securing the remainder of the money," declared Professor Williams last night.

"We had hoped to get at least two thousand dollars from this source, but it looks as if we will not be able to get that amount."

"We have secured about five thousand dollars from the business men of the city and may be able to get thousand dollars from this source. If we could get the six thousand from the business men and the two thousand from the schools, we would still be one thousand short, but I am sure that the people of Amarillo would not let such a good cause fall through, but would come to our rescue," he added.

ITCH!

Money back without question if HUNT'S Salve fails to cure the treatment of ITCH, ECZEMA, RINGWORM, TETTER, or other itching skin diseases. Try a 75 cent box at our risk.

LADIES AUXILIARY TO LOCAL LEGION TO MEET SATURDAY

The Ladies Auxiliary to Hanson Post of the American Legion will hold a meeting in the Amarillo Hotel dining rooms Saturday afternoon for the purpose of adopting by laws and constitution as well as attending to other business necessary to the completion of the organization, according to announcement made last night.

The committee appointed at the organization meeting last Saturday to draw up the by laws and constitution will make its report. Additional officers, consisting of a vice chairman, treasurer and post historian will also be elected at Saturday's meeting.

Auxiliary officers hope to make the local chapter one of the strongest in the state and already a large membership has been enrolled.

Mrs. W. C. Hovey is chairman of the local auxiliary and Miss Norma Cunningham is secretary.

HIGHWAY ENGINEER REACHES AMARILLO TO TAKE UP WORK

LEO EHRLINGER WILL SUCCEED
W. J. BENJAMIN, RECENTLY
RESIGNED

Leo Ehrlinger, Division Engineer of the State Highway Department, arrived in Amarillo yesterday afternoon to assume charge of the Panhandle Division, succeeding W. J. Benjamin, who resigned last week to accept a position as engineer for Gonzalez County.

Mr. Ehrlinger is a graduate in Civil Engineering of the M. and M. college of 1906 and a post graduate of 1907, having specialized in road and bridges.

He has practiced general engineering since with the exception of two years in the war, one year of which he was with the 315th Engineers in France.

Mrs. Ehrlinger will join her husband in the Spring.

EFFECTIVE FEBRUARY 1, 1920.

The railroads are the
disposable to our life, and
they are the very heart of our
nation. They are the very
heart of our nation. They are
the very heart of our nation.
WOODROW WILSON

THE war could not have been won without railroads.
Transport—by rail and sea—is an indispensable
arm of national defense.

Carrying capacity, from the wheat fields and the
mines and the steel mills to the front lines in France,
is the measure of our power in war.

And it is the measure of our power in peace.

Industrial expansion—increasing national prosperity—
greater world trade—are vitally dependent on railroad
growth.

The limit to the productive power of this country is the
limit set by railroad capacity to haul the products of our
industry.

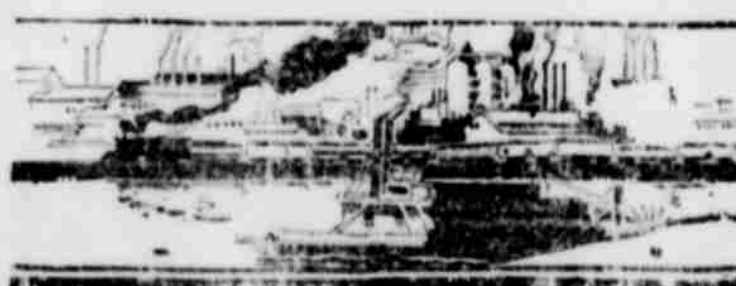

The amount of freight carried on American rails doubled
from 1897 to 1906—since that year it has doubled again.

It will double still again.

To haul this rapidly growing traffic the country must
have more railroads—more cars and engines—more tracks
and terminals.

Sound national legislation, broad-visioned public regula-
tion will encourage the expansion of railroads, without which
the nation cannot grow.

*This advertisement is published by the
Association of Railway Executives*

These distressing conditions concerning the railroad situation may be relieved by
taking action by the Association of Railway Executives.

Swift & Company's 1919 Earnings

How They Affected You

During the twelve months ended November 1, 1919,
(its fiscal year), Swift & Company transacted its
large volume of business on the smallest margin of
profit in its history.

Sales over \$1,200,000,000.00

Net earnings \$13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1½
cents on each dollar of sales, or a quarter of a cent on
each pound shipped.

Consumer—

The average consumer eats about ½ lb. of
meat per day—180 lbs. per year. If he
purchased only Swift & Company products
he would have contributed only 45 cents
(180 lbs. @ ¼ cent a pound)—a year profit to
Swift & Company for its investment and
service, less than one cent per week.

Our earnings were so small as to have prac-
tically no effect on the family meat bill.

Live Stock Raiser—

Swift & Company handled in 1919 over
16,000,000 head of live stock. You can figure
for yourself that our earnings of 1½ cents
on each dollar of sales are too small to affect
the price you received for your stock.

We paid all it was humanly possible to pay
considering what the meat and by-products
could be sold for.
